

## EXPRESSIVE ARTS 4-H REQUEST FORM FOR ENVIRONMENTAL ARTS PROGRAMS

The Expressive Arts 4-H Program provides media, performing and visual arts activities which promote environmental awareness. These programs are offered in school and community settings for youth and families. In-service training is also offered for teachers, youth service providers and guardians. Through Expressive Arts 4-H activities, youth interpret the environment through creative self-expression. Further, Expressive Arts 4-H activities educate youth in environmental issues which incorporate science content corresponding to New Jersey educational standards.
