

Put **STEAM** (Science, Technology, Engineering, Arts and Math) in Your 4-H Program!
Engage youth in environmental stewardship and artistic expression
Expressive Arts 4-H and Rutgers Landscape Architecture partner to offer:

EXPLORATIONS

See the World through Writing, Sketching and Building

Collaborative Exploration: Creative Writing- Imagining Out of My Observing (Ellen Williams, 4-H), Drawing the Landscape I See (Richard Alomar, Landscape Architecture), Place Models with Reused Materials, (Tobiah Horton, Landscape Architecture)

Other Potential Programs: Art with Salvage; Construction with Reused Materials; Healing through Salvage, Design, and Rebuilding; Nature and Infrastructure; Sketching my parents' home;

- Available year round on a short or long term basis through all 4-H delivery modes
- Available on campus as well as in the counties.
- Correlates to core curriculum standards in environmental science, visual arts and writing
- Environmental art can be linked to 4-H community service
- Sculpting, drawing and writing skills developed
- Life skills fostered (e.g. critical thinking, decision making, wise use of resources)
- Program costs and supplies are dependent on nature and duration of program(s) selected
