I. GENERAL RULES AND REQUIREMENTS

A. OBJECTIVES OF THE NEW JERSEY 4-H HORSE PROJECT

- a) Develop leadership, initiative, self-reliance, public speaking abilities, sportsmanship and other desirable character traits.
- b) Experience the pride of owning or leasing a horse or pony and being responsible for its management.
- c) Develop and appreciate horseback riding and driving as healthy wholesome forms of recreation.
- d) Learn skills in horsemanship and an understanding of the businesses of raising and training horses.
- e) Increase knowledge of safety precautions to prevent injury to self, others, and the horse.
- f) Promote greater love for animals and a humane attitude toward them.
- g) To be better prepared for citizenship responsibilities through working in groups and supporting community horse projects and activities.

B. COUNTY CRITERIA

1. County Qualifying Shows

- a) These rules shall apply to the NJ State 4-H Championship Horse Show and all shows that include qualifying classes.
- b) County qualifying shows must use these same classes and class specifications.
- c) It is required that all 4-H qualifying horse shows adopt this official handbook. In this manner uniformity can be established and the riders will be better prepared for the state show.
- d) A county must have one or more 4-H horse shows to qualify members for the State 4-H Championship Horse Show. The shows may be a combined effort between one or more counties.
- e) A member must qualify and be a member in good standing in the county in which he or she is enrolled. In the case of limited entries for certain classes in a county, a member may qualify at another county's qualifying show, for that particular class, with the permission of the host county.

- f) The number of entries allowed per county per class at the state show will be based on the number of entries from a county at the previous year's county qualifying show. The exception will be in the Driving, Growing & Training, Dressage, Mare & Foal and Challenged Division classes, where unlimited entries are invited. The state 4-H Department Liaison will notify counties that are eligible to send three riders per class by May 1 of the project year.
- g) A county **MUST** use the Danish System (excellent, very good, good and fair) in combination with a straight placing system (1st, 2nd, 3rd, etc.). To qualify, riders must achieve a minimum Danish rating of very good. [See **Appendix A** for Danish System Criteria.]
- h) In order to qualify for the state show, each club member must provide to the County 4-H Agent or county qualifying show committee:
- (1) Proof of a negative Coggins test from an approved laboratory within 24 months of the date of the show. The original copy of the Coggins test results must be in the possession of the member, parent or guardian at the county and state shows.
 - (2) Proof of eastern encephalitis or bivalent encephalitis, tetanus and rabies vaccinations within 1 year of the date of the show. (West Nile and Strangles vaccinations are also strongly recommended.)
 - (3) The New Jersey State Division of Animal Health may conduct a random drug test at any horse show at any time.

2. County Entries for State Show

- a) A list of the qualified individuals and alternates must be approved, signed by the county 4-H agent or program staff and sent to the superintendent of the show. Entries close approximately five weeks prior to the show. Only those members entered will be allowed to exhibit. Counties with qualifying shows held (5) days prior to or after the entry due date will have (1) week from the date of the show to submit their state entries. A Qualifying Show shall be held no later than the last week in July unless there is an approved hardship.
- b) **NO REFUNDS** of entry or stabling fees will be made after entries close for any reason.
- c) Upon arrival at the show grounds, contestants must register in person at the show office to receive their show number, and present to the show secretary the following documents:
- (1) An original copy of a valid Coggins Certificate and proof of up-to-date vaccinations within the time specified in rule h.1 and h.2 under the section titled "County Qualifying Shows".

(2) 4-H'ers who arrive at the show with expired or invalid vaccinations/Coggins test will not be allowed to compete and the animals must leave the show grounds. There will be no exceptions! [Appendix– My 4-H Horse Project Record Book, p. 35; 4-H Horse Health Information Form]

d) A completed 4-H Event Permission Form. In addition, adult leaders, coaches and parents staying overnight on the show grounds must complete the NJ 4-H Adult Overnight Agreement & Release Form. These forms are available from the county 4-H office and must accompany the entry form. All counties with participants staying overnight must have a minimum of two adults staying with the participants.

3. ENTRY/HORSE CHANGES

Members must show the same horse(s) at the county qualifying horse show(s) and the NJ State 4-H Championship Horse Show. If the horse, after completion of the last county qualifying show, is injured or cannot compete at the NJ State 4-H Championship Horse Show, the next highest placing alternate who qualified in the class at the county qualifying show(s) shall be eligible for the state show. There are only three exceptions to this rule:

- a) In Equitation Classes the member may substitute another registered project animal from their county: Western Grooming & Showmanship, English Grooming & Showmanship, English Equitation on the Flat, English Equitation Over Fences, Western Horsemanship, Reinsmanship.
- b) If a 4-H member's horse dies after the last county 4-H qualifying horse show, the member may substitute another currently enrolled 4-H project horse from his/her county. A copy of the veterinarian's certificate of the death, must be filed with the county 4-H agent and the original given to the show secretary the day of the show.
- c) **In case of permanent injury or loss of animal between April 1 of the current project year and that county's first Qualifying Show due to circumstances beyond the 4-H members control (owner sells a leased animal) an individual member may substitute an already registered project animal from their county at their county qualifying show(s) with the exception of halter classes.**

4. Alternate Changes

- a) All alternate changes must be made to the Show Secretary. Alternate changes can be made the day of the state show by the county coordinator. Once the alternate substitution is made, the change remains final. (Forms are available from the website: www.nj4h.Rutgers.edu/horse).
- b) **If a contestant must scratch any state show class due to an injury or unsoundness that occurred after the NJ State 4-H Horse Show entry deadline, the 4-H member must submit written justification signed by a veterinarian in order to show that project animal in any subsequent classes (such as Halter classes etc.)**

- c) If a contestant decides to scratch a class, **for a reason other than injury or unsoundness of the animal**, the county coordinator may substitute an alternate, however, the original contestant will be scratched from the remainder of the three-day show and cannot decide to participate in any subsequent classes. (i.e. If a horse/rider combination is scratched Saturday, that combination cannot compete Sunday.)
- d) If a contestant is unable to participate in a particular class because of a problem (i.e., heat stress, thrown shoe, etc.) **occurring during the State 4-H Horse Show**, certifiable by the farrier, veterinarian, show steward, judge or medical technician, then an alternate may be substituted by the county coordinator for that class only. The contestant will be permitted to participate in his/her remaining classes pending certification by said farrier, or veterinarian or medical technician, provided the horse is then deemed sound to perform again.

c) Bow-Tie Race

The Bow-Tie Race is to be run around a set of four poles, set in a box, (21') apart on all sides and (126') from the start/finish line. Poles shall be set on top of the ground. [See **Appendix E & F** for setup and pattern] A horse may start either to the right or to the left of the first pole and then run the remainder of the pattern accordingly.

Knocking over a pole shall carry a (5) second penalty. **Touching the pole with your hand will result in disqualification.**

d) Keyhole Race

The course of the Keyhole Race is laid out in the shape of a keyhole. The pattern is usually marked on the ground with lime or chalk. A set of four poles may also be used in place of ground lines. [See **Appendix E & F** for layout and measurements] The rider begins his/her ride from the start/finish line, racing down the course into the keyhole pattern, executes a roll-back/turn and races back over the start/finish line. **IF THE 4 POLES ARE USED THE CONTESTANT HAS TO GO COMPLETELY THRU THE FOUR POLES AND TURN AROUND AND COME BACK THROUGH THE 4 POLES** If a horse steps on or over any of the **GROUND LINES (IF LIME IS USED)** in the keyhole or knocks over a pole, the rider is disqualified.

Appendix A
THE DANISH JUDGING SYSTEM

ALL 4-H qualifying horse shows must use the Danish System, which rates the performance of competitors compared to a standard. Ratings are excellent, very good, good and fair. These ratings are based upon a numerical score:

Excellent	90 - 100	points
Very Good	80 - 89	points
Good	70 - 79	points
Fair	60 - 69	points

Listed below are examples of rating for a variety of classes that can be used to place classes, as well as in conjunction with the Danish System.

Halter Classes

Every Halter horse should deserve and receive at least a "good-to-very good" rating. A horse rating "fair-to-good" denotes something drastically wrong with conformation, way of going, and/or turnout. *Judges should remember that 4-Hers who can't afford a top halter horse should not be penalized with "fair" rating if they are doing everything possible with the horse they have.*

Showmanship and Grooming

An "excellent" rating should be assigned to exhibitors with well-groomed horses and proper attire and equipment. A horse/rider combination that commits one error deserves a "good-to-very good" rating. Examples of errors include: not trotting, turning in the wrong directions, not setting up the horse properly, not watching the judge, incorrectly adjusted equipment, and poor grooming. An exhibitor who commits a multitude of errors deserves a "fair-to-good" rating, accordingly.

Equitation/Horsemanship Classes

A high-quality rider who is capable of taking his/her horse through the class requirements without any major problems deserves an "excellent" rating. A rider/horse combination that makes at least one major or several minor faults deserves a "good-to-very good" rating. An exhibitor, who commits several major faults, would receive a "fair-to-good" rating. Major faults include: wrong leads, reversing incorrectly, improper backing and major faults in rider form. Minor faults include: slow response to a gait transition and lesser faults in rider form.

Performance Classes

A high-quality horse that is capable of performing the class requirements without any major problems deserves an "excellent" rating. A horse that exhibits one major or several minor faults deserves a "good-to very good" rating. A horse that commits several major faults deserves a "fair-to-good" rating. Major faults include: wrong leads, improper backing, fighting the bit, and general lack of suitability for the particular class. Minor faults include slow gait transitions and lesser way of going faults.

In Western Riding and Reining classes, in order to receive an excellent or very good, horses should be able to complete the patterns executing the required gaits and movements, such as flying lead changes, sliding stops, roll backs and spins.

In English Performance classes over fences, in order to receive an excellent or very good, the horse/rider should be able to execute a course of 8 fences without a refusal or knockdown.

Games

A horse and rider that deserve an "excellent" rating have completed the course without a break in gait. The horse has also been able to compete without being unruly prior to starting the course inside the arena. A "very-good" rating is deserved for only minor deviations from normal behavior. A "good-to-fair" rating is for the horse that does not handle the pre-course pressure and is extremely difficult to handle.

Driving

A horse that is responsive to the driver, well mannered, shows no resistance, maintains gaits and executes movements precisely is deserving of an "excellent" rating. A horse/drive that makes at least one major or several minor faults would receive a "fair-to-good" rating. Major faults include: resistance to the bit, lack of suitability to driving, rearing, refusal to go forward, refusal to back, going off course, unsafe equipment. Minor faults may include: holding whip in wrong hand, sitting on wrong side of carriage, not backing in a straight line, inconsistent tempo in gaits, slow response to a gait transition.

Dressage

An "excellent" is merited by the horse and rider that complete a test with no major faults such as forgetting a movement or to salute the judge. A "very-good" is given to the rider who has one major or several minor faults. Other major faults include: resistance to bit, unwillingness to move forward, any misbehavior (bucking, rearing, etc.) Minor faults encompass breaks of gait, intermixing of movements, not utilizing entire arena for test movements.

Appendix B

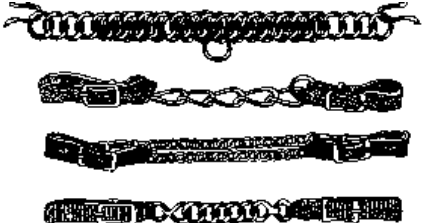

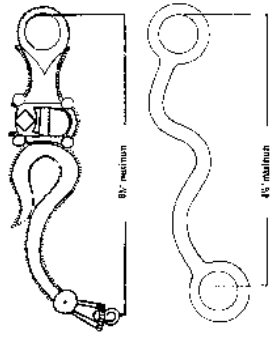

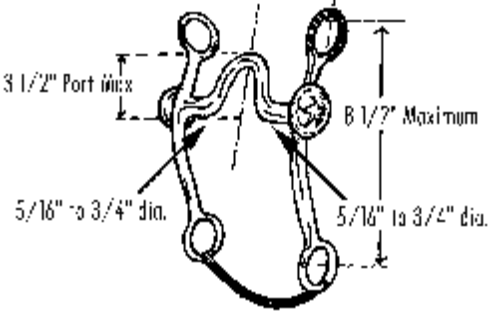

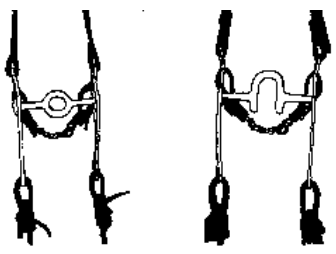

WESTERN BIT SPECIFICATIONS

A. Snaffle Bits

In references to *snaffle bits* in western performance classes means the conventional O-ring, egg-butt or D-ring with a ring not larger than 4". The mouthpiece should be round, smooth & unwrapped metal. It may be inlaid, but smooth or latex-wrapped. The bars must be a minimum of 5/16" in diameter, measured one inch in from the cheek with a gradual decrease to the center of the snaffle. The mouthpiece may be two or three pieces. A three-piece, connecting ring of 1 1/4" or less in diameter, or a connecting flat bar of 3/8" to 3/4" (measured top to bottom, with a maximum length of 2"), which lies flat in the horse's mouth is acceptable.

B. Curb Bits

Reference to a bit in western performance classes means the use of a curb bit that has a solid or broken mouthpiece, has shanks and acts with leverage. All curb bits must be free of mechanical device and should be considered a standard western bit. A description of a legal, standard western bit includes: The maximum shank length is 8 1/2", to be measure as indicate in this appendix. Shanks may be fixed or loose. The mouthpiece should be round, smooth & unwrapped metal. It may be inlaid, but smooth or latex-wrapped. The bars must be a minimum of 5/16" in diameter, measured one inch in from the cheek with a gradual decrease to center of the snaffle. The mouthpiece may be two or three pieces. A three-piece, connecting ring of 1 1/4" or less in diameter, or a connecting flat bar of 3/8" to 3/4" (measured top to bottom, with a maximum length of 2"), which lies flat in the horse's mouth is acceptable. The port must be no higher than 3 1/2" maximum, with rollers & covers acceptable. Broken mouthpieces, half-breeds & spades are standard. Slip or gag bits, and donut or flat polo mouthpieces are not acceptable.
