

## IN SEARCH OF EARTH'S SECRETS

# 4-H Day at the Museum

Join the 4-H Science Ambassadors, Rutgers scientists, and Geology Museum staff for a special event on May 19th.

*In Search of Earth's Secrets* aims to increase awareness and excitement about ocean/earth science and careers through activities, exhibits and a 40-foot inflatable ship! Learn more about the JOIDES Resolution and how deep ocean drilling provides us with scientific understanding about our planet's history, development, and future.

**May 19, 2018**

**12 - 4 pm**

**Rutgers Geology  
Museum**

**85 Somerset Street**
